

Monarflex Scaffold Sheeting Attachments & Accessories

SHEETING ATTACHMENTS

Anchor & Strap

This two-piece flexible attachment consists of a specially designed, user friendly piercing anchor, which together with the strong, rubber-based strap ensures an exceptionally strong and flexible hold to the scaffolding. It is the ideal attachment to use when high wind protection is required.

Flexitie

Flexitie is the strong & flexible standard scaffold sheeting attachment. This all inclusive attachment contains both the strap and clip as one piece.

Monostud

The Monostud attachment system provides complete wa-tertight protection. Used in combination with a cable tie, the Monostud is mounted through the grommet, on the outside of the sheeting, and secured tightly to the scaffolding.

Cable Tie

Cable Ties, used in conjunction with the Monostud, form a tight seal of the scaffold sheeting to the scaffolding. Cable Ties attach the Monostud, through the grommets, to the scaffolding for a tight, clean looking assembly.

Polytoggle

The Polytoggle is a unique piece which ensure a water-tight seal. Used with the Wedge & Strap it secures the sheeting to the scaffold and provides weather protection.

Wedge & Strap

As an accessory to the Polytoggle, the Wedge & Strap, each sold separately, are used to provide the elastic attachment to the scaffolding.

SHEETING ACCESSORIES

Monobond Tape (Blue & White)

Monobond Tape (Blue & White) are double-side adhesive tapes used to secure overlapping Monarflex membranes. Dimentions: Blue Monoond, 78 linear feet; White Monobond, 75 linear feet. (See the individual Technical Data Sheets for more information)

Door Panels

Monarflex Door Panels allow easy access to a scaffold sheeting protected jobsite where controlled conditions or containment is ongoing. The Doors use zippers, which maintain the integrity of the jobsite, while allowing access to the enclosure. Available in clear & flamesafe. Door Panel: 45" x 80"; Opening: 23" x 67"

Vent Panels

Monarflex Vent Panels provide scaffold sheeting and doors with designated areas for airflow. The panels are attached with Velcro® for more controlled airflow. Available in clear & flamesafe. Vent Panel: 10" x 14"

LIMITED WARRANTY

CARLISLE COATINGS & WATERPROOFING INCORPORATED (CARLISLE) warrants this product to be free of defects in workmanship and materials only at the time of shipment from our factory. If any CARLISLE materials prove to contain manufacturing defects that substantially effect their performance, CARLISLE will, at its option, replace the materials or refund its purchase price.

This limited warranty is the only warranty extended by CARLISLE with respect to its materials. There are no other warranties, including the implied warranties of merchantability and fitness for a particular purpose. CARLISLE specifically disclaims liability for any incidental, consequential, or other damages, including but not limited to, loss of profits or damages to a structure or its contents, arising under any theory of law whatsoever.

The dollar value of CARLISLE's liability and buyer's remedy under this limited warranty shall not exceed the purchase price of the CARLISLE material in question.
